## **Item Detail, Background, & History**

Historical items are of immense interest in museums. Details of history and background specific to the individual item may add richly to its interest and for that reason, the donor is asked to write below any information possible on donated item(s) from the standpoints of all known owners, known history of the item, published information, etc. Some items have a story all of their own, and if such is the case with any of your items, we ask you to please share that story. For cataloging and future display purposes, it is helpful to have as much information on the history of each object as possible. Your help is appreciated!
